

AGENDA  
3-25 Advisory Committee  
10-9-2014  
3:00 pm Meredith Community Center

1. Consider minutes of September 18 Meeting.
2. Consider and vote on (for 3/25 intersection):
  - A. No-build option (no change in pavement; DOT could upgrade signal if upgrade exists and they choose to do so).
  - B. Single lane roundabout option (review location and land acquisitions).
  - C. Signalization option (essentially adding second eastbound turning lane onto Route 25)(review location and possible land acquisitions).
3. Consider options for Pleasant St. intersection (each version tied to the corresponding version at the 3/25 intersection):
  - A. Report on Cross Point management attitude regarding possible restriction/closing of their existing entrances/exits.
  - B. Single lane roundabout.
    - (1) location and land acquisitions
    - (2) potential effect on traffic
  - C. Signalization.
    - (1) location and land acquisitions
    - (2) potential effect on traffic
4. Consider options for pedestrian accommodation and crossing controls at Dover St. and Lake St.:
  - A. "HAWK" pedestrian signal at Dover St. with center island.
  - B. Crosswalk and center island at north end of Lake St. intersection.
  - C. Roundabout at Lake St. (consider location and land acquisitions, effect on traffic).

5. Consider northbound left turn restriction (center island) at Dover St.
6. Consider other possible improvements in designated project area (Route 104 to Pleasant St.):
  - A. Widen Route 3 past Church Landing (further widening restricted by narrow bridge over railroad).
  - B. Roundabout at Route 104.
7. Consider proposed next meeting date: Thursday, October 23 and proposed date of public hearing before Select Board November 3.
