To Whom it May Concern,

Within the last several months, our department has made a transition to a new computer software system. You will notice that the enclosed property tax bill looks a little different than before. In the top right-hand corner is the assessed value of your property, including any exemption amounts. In the middle of the tax bill, you will see a description box which will show any exemptions/credits that you are receiving. To the right of that is your total amount due. While the total due is accurate, your exemption/credit is not appearing in the description box or is showing as \$0. We are hoping to have this issue resolved soon.

If you have any questions, please feel free to contact me at 603-677-4202.

Sincerely,

Christina Brown  
Deputy Tax Collector
