

**STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION**

DE 25-033

TOWN OF MEREDITH

Request for Approval of Meredith Community Power Plan

Commission Approval of Community Power Aggregation Plan

O R D E R N O. 28,157

June 9, 2025

In this order, the Commission approves the Town of Meredith's (Meredith) Community Power Electric Aggregation Plan (the Plan).

I. BACKGROUND

On April 18, 2025, Meredith submitted a request for approval of a community power aggregation plan to provide electric power supply and services for residents, businesses, and other entities in Meredith pursuant to RSA chapter 53-E. In addition to the request for approval, the Town submitted the proposed Plan with attachments.

On April 21, 2025, the Commission issued an order of notice establishing a deadline for comments on the Plan. No comments were received.

All docket filings, other than information for which confidential treatment is requested of or granted by the Commission, are posted to the Commission's website at <https://www.puc.nh.gov/VirtualFileRoom/Docket.aspx?DocketNumber=DE%2025-033>.

II. COMMISSION ANALYSIS

The Commission has reviewed the Plan pursuant to RSA 53-E:7, II, as amended, which states that

The commission shall approve any plan submitted to it unless it finds that it does not meet the requirements of this chapter and other

applicable rules and shall detail in writing addressed to the governing bodies of the municipalities or counties concerned, the specific respects in which the proposed plan substantially fails to meet the requirements of this chapter and applicable rules.

RSA 53-E:7, II, provides specific direction on the process to be used for the submission of such plans, including the following requirements: 1) on the same day the plan is submitted to the Commission, copies shall be provided to the Office of the Consumer Advocate and any electric distribution utility providing service within the jurisdiction of the municipality; 2) the Commission shall accept public comments for 21 days thereafter; and 3) the Commission's review of the plan and comments shall not require a contested case. N.H. Admin R. Puc 2204.01(a) also requires notification of aggregation plan filings be made with the New Hampshire Department of Energy.

Having reviewed the Plan, the Commission has determined that the plan with the above procedural requirements. Meredith's Plan assumes, but does not require, that Meredith will participate fully in the Community Power Coalition of New Hampshire (CPCNH) to provide electric energy supply and related program services. CPCNH is a coalition authorized under RSA 53-A, where member-municipalities utilize joint resources with each other, including shared third-party services, staff support, power solicitations, local project development, information sharing, and public advocacy.

Based on our review of the Plan, we have determined that the Plan does not substantially fail to meet applicable requirements of RSA chapter 53-E or applicable rules. The Plan contains an adequate level of detail of RSA 53-E:6's statutory criteria, other applicable statutory requirements, and applicable rules including Puc ch. 2200.

Based upon the foregoing, it is hereby determined that the Town of Meredith's Request for Approval of its Plan is GRANTED.

By order of the Public Utilities Commission of New Hampshire this ninth day of
June, 2025.

Daniel C. Goldner
